

AT THE HEART OF WHAT WE DO

Health is where we stand from, nurse led clinic treating & improving the health and well-being of a patient from a medical aesthetic perspective.

We offer a 360 approach to ensure we are looking at the mental and physical health of that patient and their concerns.

Achievable, we are very honest and open in our patient treatment plans and always treating with competence and confidence we are planning to achieve the best possible outcome and results.

Treatments, we offer the most advanced cutting edge services across both skin, laser and the injectables ensuring safe, reliable and effect treatments every day. We continually assess every treatment accordingly.

KAST
MEDICAL AESTHETICS

Education is something we pride ourselves on, we all have qualifications that underpin our roles and we continue to improve through CPD and by evidence based practice, ensuring the service we provide is with the most up to date knowledge available.

Recommendations, we have built upon word of mouth and patients own experiences. Something we are extremely proud of and grateful for.
